

PARTNERS OF TRANS AND GNC FOLX

This is a peer group for partners, boyfriends, girlfriends, spouses, husbands, etc. of individuals who identify on the trans or gender non-conforming spectrum. Everyone is welcome, whether this is all completely new to you, or your partner has been out for many years. Bring your questions, your fears, your joy, and your heart to this confidential, supportive space, and find a community that understands what you're experiencing.

*We meet virtually on the first Tuesday of the month
from 8:30 - 10:00 pm.*
